

ALAT PERAGA / TRAINER SMK

Electric / Mechatronic Trainer

Alat peraga dan pelatihan kelistrikan. Untuk membantu pemahaman tentang alat-alat listrik, sumber tenaga listrik, distribusi, instalasi listrik dan lain-lain. Dilengkapi dengan buku penuntun penggunaan dan pelatihan penggunaan alat

1. Basic Electrical Trainer
2. Fault and Contraol Instalation Trainer
3. Fundamental and Instalation Trainer
4. Air Condition Demonstraion
5. Motor Control Trainer
6. Motor Generator Trainer
7. Basic Cycle Refrigeratation Trainer
8. Hydraulic Training System
9. Electro Pneumatic Trainer
10. Standard Pneumatic Trainer
11. Medium Pneumatic Trainer
12. Full Pneumatic Trainer
13. Programmable Logic Control Trainer
14. PLC Omron CQM-1H Trainer

Electronic Trainer

Alat peraga dan pelatihan dalam memahami konsep alat-alat elektronik yang terdapat dalam kehidupan sehari-hari. Perlitan dilengkapi dengan buku penuntun alat dan pelatihan penggunaan alat.

1. Amplifier Trainer
2. Audio Trainer - Mono
3. Audio Trainer - Stereo
4. Basic Electronic Trainer
5. Op-amp Trainer
6. Digital Trainer - Standard
7. Digital Trainer - Stand
8. Electronic Application Trainer
9. DVD Trainer
10. Tape Recorder Trainer
11. AM Transceiver Trainer
12. FM TRAnsceiver Trainer
13. Microcontrol Trainer
14. Color TV Trainer
15. Basic Analog Communication Trainer
16. Basic Digital Communication Trainer
17. Circuit application Trainer
18. Opto Electronic Trainer
19. Computer Trainer

Otomotive Trainer

Alat peraga dan pelatihan otomotif yang membantu siswa mengetahui dasar kerja dan melakukan perbaikan kendaraan, baik roda 2 maupun roda 4. Dilengkapi dengan buku panduan penggunaan alat dan pelatihan penggunaan.

1. 4 Stroke Petrol Engine Trainer 4-cylinder
2. 4 Stroke Diesel Engine Trainer 4-cylinder
3. Gasoline Engine Trainer Stand
4. Diesel Engine Trainer Stand
5. Car Training Stand
6. Turbo Charge Model, sectioned
7. Midscreen Wiper Motor
8. Electrical Chasis, pre-wired
9. Alternator, sectioned
10. Motor Starter, sectioned
11. Injection Pump, in-line type
12. Injndction Pump, Distributor type
13. Pre-heating systems for diesel Engine
14. Fuel Supply Pump Model, mechanical type
15. Fuel Supply Pump Model, electrical type
16. Clutch Demonstration set
17. Manual Transmission, sectioned
18. Propeller Shaft
19. Differential and Axle
20. Steering Training Stand
21. Power Steering Training Stand
22. Brake Teaching Aid
23. Master Cylinder Teaching Aid
24. Alternator and General Test Bench
25. Automotive Electrical Trainer
26. Four Stroke Motor Cycle Engine, live
27. Two Stroke Motor Cycle Engine, live
28. Two Stroke Motor Cycle Engine, Ive, Vespa type
29. Four Stroke Motor Cycles
30. Two Strokes Motor Cycles
31. Motor Cycle Universal Lift
32. Four Stroke Motor Cycle Engine, sectioned
33. Two Stroke Motor Cycle Engine, sectioned
34. Vespa Motor Cycle Engine, sectioned
35. Motor Cycle Electrical Chasis
36. EFI Engine Trainer
37. Gasoline Engine Trainer with Gas
38. Gasoline Engine Trainer
39. Car Training Unit
40. Ignition System Trainer
41. Body Electrical Trainer
42. Differential Gear Model Trainer
43. Car Air Conditioner Trainer
44. Car Lift

Mantis - Stereo Viewing Systems

Mantis Stereo Viewing Systems dari Vision Engineering, UK, merupakan terobosan terbaru dalam teknologi pengamatan stereo. Teknologi Dynascope memberikan nilai ergonomis dalam pengamatan, yang tidak dimiliki mikroskop stereo lainnya.

Tersedia dalam 3 tipe :

- | | |
|----------------|----------------------|
| Mantis Compact | perbesaran x2 - x6 |
| Mantis Elite | perbesaran x2 - x20 |
| Mantis Macro | perbesaran x2.5 - x5 |
